

PREPAID

Talk, Text and Data Plans

Plan options include unlimited talk & text and monthly data allotments (including unlimited) on our network. Plus taxes & fees.

	10 GB	Unlimited	Unlimited Plus
Line 1	\$40/mo.	\$50/mo.	\$60/mo.
Lines 2–5	\$30/mo. each	\$30/mo. each	\$30/mo. each
Data	Up to 10 GB of 5G & 4G LTE	Unlimited 5G & 4G LTE	Unlimited 5G & 4G LTE
Mobile Hotspot	10 GB of high-speed data with unlimited 2G speeds after that. Combination of handset and hotspot data.	Unlimited at 3G speeds	10 GB of high-speed data with unlimited 3G speeds after that.

During congestion, customers on these plans using >50 GB/mo. may notice reduced speeds until next bill cycle due to data prioritization. Video typically streams in SD quality. Smartphone usage is prioritized over Mobile Hotspot usage, which may result in higher speeds for data used on smartphones.

Customize your plan with these add-on services.

Coverage in Mexico and Canada	\$5/mo.
North America Stateside International	\$15/mo.

Up to 5 GB of 4G LTE data in Mexico and Canada.

Limited time offers; subject to change. \$10 SIM starter kit may be required. Capable device required for some features. U.S. roaming and on-network data allotments differ; see selected service for details. Unlimited talk & text features for direct communications between 2 people; others (e.g., conference, chat lines, iMessage) may cost extra. Domestic use only; additional charges apply for international use, where available. Features available until 30th day; if sufficient balance, services automatically renew at expiration. If balance is insufficient to renew all lines on your account for 120 days, all lines will be suspended for 30 days. If you have an account balance, all lines will convert to Pay As You Go for 30 day increments with \$3/mo. for 30 voice min./SMS messages. If funds available, additional minutes/messages @ \$0.10/minute or message. After your account balance is depleted, then account is suspended. When you switch between plan options or renew a monthly plan, features or credits associated with your prior plan option will no longer be available, and you are not able to switch back to some plan options. Some plan options will not allow early renewal or permit use of features after included amounts are depleted. If you transfer your number to another carrier, account will be deactivated and no service will be available. Void if not activated within 90 days from purchase. No cash redemption value. Non-refundable. Not for extended international use; you must reside in the U.S. and primary usage must occur on our network. Video streams at up to 2.5Mbps with Data Maximizer. Optimization may affect speed of video downloads; does not apply to video uploads. For best performance, leave any video streaming applications at their default automatic resolution setting. You may deactivate Data Maximizer on some plans (e.g. T-Mobile Prepaid 10GB) to allow on-device video to stream at speeds that provide HD video capability (max 1080p). Some content providers may not stream their services in HD. **T-Mobile Prepaid Unlimited:** Unlimited high-speed data US only. Not available for hotspots and some other data-first devices. Tethering at max 3G speeds unless you add Plus, which includes 10GB of high-speed data. For customers using over 50 GB per month, primary data usage must be on smartphone or tablet. **T-Mobile Prepaid:** Partial minutes/megabytes rounded up. Full speeds available up to data allotment, including tethering; then slowed to up to 2G speeds for balance of service period. Certain uses, e.g., some speed test apps, may count against high-speed data allotment or have speeds reduced after allotment reached. Mobile Internet provides data only; does not include voice, messaging, or Wi-Fi services. **Stateside International Talk/Text:** International calling from U.S./Canada/Mexico to landlines in over 70 countries and destinations, plus unlimited calling to mobiles in over 30 countries. Qualifying service required for each line. Calls/texts must originate on T-Mobile's U.S. network or in Canada/Mexico; otherwise standard international roaming rates apply. See T-Mobile.com for countries and rates. **Coverage** not available in some areas. **Network Management:** Service may be slowed, suspended, terminated, or restricted for misuse, abnormal use, interference with our network or ability to provide quality service to other users, or significant roaming. During congestion, heavy data users (>50GB/mo. for most plans) and customers choosing lower prioritized plans (i.e. 30GB & 50GB mobile internet) may notice reduced speeds than other customers due to data prioritization. Smartphone and tablet usage is prioritized over Mobile Hotspot Service (tethering) usage, which may result in higher speeds for data used on smartphones and tablets.
